RACE 'WHITE PAPER' SPELLS IT OUT....

LABOUR-TORIES AGREE: "BLACK IMMIGRATION MUST CONTINUE"

IMAGINE AN ENDLESS QUEUE OF COLOURED IMMIGRANTS POURING INTO BRITAIN. THEN IMAGINE A COMMITTEE OF TORY AND LABOUR M.P.s WHO MOVE ONE GROUP OF IMMIGRANTS FROM THE FRONT TO THE BACK OF THE QUEUE, ANOTHER GROUP FROM THE MIDDLE TO THE FRONT, AND ISSUE THE REMAINDER WITH "SPECIAL ENTRY VOUCHERS".

Finally, imagine that this Tory-Labour committee has the sheer nerve to announce that this amounts to *stopping immigration!*

That is exactly what happened recently when the Parliamentary Select Committee comprised of Labour "Left-Wingers" and Tory "Right-Wingers" announced their **joint** proposals to "curb immigration".

This confidence trick was greeted with such newspaper headlines as "MPs Stem the Tide!"

But behind all the sleight-of-hand shuffling with the Immigrant pack it amounted to nothing but a squalid agreement between extreme Labour Marxists like Sidney Bidwell and soppy Tory "Rightists" like Dudley Smith **that mass coloured Immigration must continue!**

"NO SIGNIFICANT CHANGE"

In the words of their report, there will be **"no significant change in the pattern of this immigration."**

This is what their report really said:—

1) All the hundreds of thousands of Asian passport holders and their dependants must be allowed into Britain because of the "moral force" of previous "obligations". But the committee thought that there would be "less public disquiet" if they were allowed in **even more quickly!**

2) New mass coloured Immigration would be allowed in "exceptional circumstances". In other words, there is no intention of stopping the mass influx of new Immigrants at all.

One "special circumstance" will be the forthcoming invasion of millions of Hong Kong Chinese when the colony reverts to the ownership of mainland China.

To disguise this plan to continue flooding Britain with hordes of coloured aliens, the committee simply shuffled around with the queue of dependants of Immigrants already here. They hoped this would look as if "curbs" were being imposed.

Moved to the front of the queue were wives and children of Immigrants who came to Britain before 1973. Allowed in after them are dependants of Immigrants who arrived after that date. Behind them in the queue are "compassionate cases" of "other dependants".

Finally, "male fiances", as the newspapers announced triumphantly, would be "put to the back of the queue". Not **removed** from the queue – just put to the **back** of it!

As for the passport holders and dependants from India – of which there are so many that the committee did not even know the number expected – the pathetic trick was to announce a "quota" of those entitled to come.

After that immigration would continue just the same, except that the Immigrants would need "special vouchers".

This was the utter fraud which the Establishment media was so desperate to palm off as a "total ban on all future Immigration". Desperate because the Labour and Tory parties are terrified of the growing support for the "STOP IMMIGRATION" policy of the National Front.

Unveiled: The great Tory damp squib

'WILLIE' Whitelaw finally exposed it at the Conservative National Council meeting in Leicester on 7th April.

Ever since the "exclusive" report in the *News of the World* announced that the Tories had a drastic new plan to "stop immigration", the Press assured us that Willie would soon publicly brandish his frightening new weapon.

But at Leicester, Willie's weapon was revealed to be nothing but a pathetic, wilting little thing called a "register of dependants"!

The Tories announced a plan to draw up a list of those allowed in!

The plan is that Immigrants already here must place the names of dependants still to come on a Register. This meaningless proposal, described as "tough" in all newspaper reports, "would give a clear idea of the number of people still due to arrive," say the Tories.

This "definitive" Tory Immigration policy was even more wet and drooping than the original one flashed, appropriately, in the *News of the World,* which also suggested that a quota system limiting future Immigration to a specific number was planned.

In the event, even this was dropped, an omission which the *Guardian* headlined as "Tories water down tough migrant policy" and described as a "victory for the party's liberal wing."

"TORIES? WE DON'T HATE THEM — WE *DESPISE* THEM!"

A passionate denunciation of the electoral fraud which the Conservative Party is attempting to perpetrate through its utterly bogus "anti-Immigration" posture was given by Mr. Andrew Fountaine, Deputy-Chairman of the National Front, at a by-election rally at Ilford, Essex on 25th February. To a roar of approval from the 1,000 strong crowd Mr. Fountaine replied to Mrs. Thatcher's statement that she "hated everything the National Front stood for" by declaring: "We don't hate you . . . but oh how we *despise* you!" ***(More pictures of this great NF meeting on page 4.)***

BOMBINGS BENEFIT THE LEFT

THE alacrity with which many Press and broadcasting pundits accepted the notion that the bombs sent to Left Wingers early in April were the work of "**Right Wing** extremists" was quite shocking. The sole basis for attributing the blame Rightwards were telephone calls to various news-desks. The real identities and political sympathies of these callers have NOT been established.

Many a crime has been solved by a logical analysis of possible motives. The Left has a strong motive for wishing to discredit the "Right Wing" National Front. Having failed to smash us in 1977 with a mix of street violence and smear propaganda, the Left sees the NF approach the General Election with hundreds of candidates. The Left knows that our mass involvement in the democratic process will not only establish the NF as never before, but could be decisive in losing the election for the increasingly Marxist-dominated Labour Party.

Ruthless fanatics of the far Left, inspired by the actions of their comrades in Italy and Germany, could have **re-formed** an Angry Brigade whose targets, this time, are not the obvious objects of Left Wing hate, but organisations on the Left in order that the "Right" in general – and thereby the NF – could be implicated and discredited just before the coming elections.

NF News seeks to persuade its readers to feel angry about the evils of multi-racialism and to direct their anger solely at the corrupt politicians who created a racial problem in Britain, and not to the Immigrant people in general. "Racialism" is NOT unlawful – only "racial hatred".

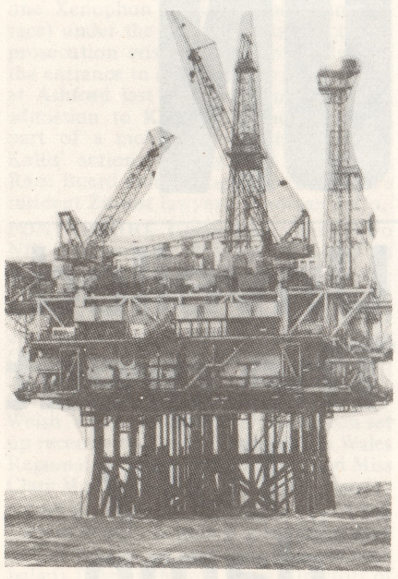
NEWSPIG

"Please give the Board of Deputies my assurance, Dr. Gewirtz, that we will splash that story linking the National Front with the parcel bombs, football hooliganism, the rising price of beer and the April snow storms just before Polling Day . . ."

WYCOMBE CHAIRMAN

MR. KEITH NEVILLE is the Chairman of the High Wycombe NF Branch and not Mr. Morgan Jones, as reported in our last issue. Mr. Jones also acts as Election Agent for Mrs. Sylvia Jones, the NF candidate in the forthcoming Parliamentary by-election for Wycombe.

WE MUST NOT SQUANDER NORTH SEA OIL



THERE are two ways of using North Sea oil: as a vital British asset to be used in the long-term national interest or as a 'slush fund' to be squandered by politicians on bribes to the electorate.

All that the Labour and Conservative leaders have said and done indicates that they are only interested in using the oil as a gimmick in the party game.

Both talk as if the oil were the heaven-sent solution to Britain's economic problems, providing a bonanza for all and saving us from the exertion of putting right the many things wrong in our economy – such as low productivity, obstructive unions and bad management.

In fact the oil, if it is extracted at the maximum rate, will represent no more than three to five per cent of Britain's Gross National Product by the mid 1980's (on the basis of present performance).

If our economy was made to run as it should, so that we were producing wealth at a rate comparable to France or West Germany, the percentage would be much smaller.

If we extract the oil at the maximum rate, using it for export as well as for British consumption, it will run out at the end of the century.

Government and Opposition parties have both recently been debating how the oil should be used. Both parties want to see the oil extracted at the maximum rate.

They both see this as a means of getting Britain out of its balance-of-payments difficulties and of getting for whatever government is currently in office the largest possible income to squander in election bribes.

The Tories want to see a very large part of this revenue used to make tax cuts.

Labour has other things in mind – but has promised that a part will go in tax cuts as an electioneering tilt back at the Tories.

On 21st March the Government issued a White Paper, *The Challenge of North Sea Oil,* in which the following uses for oil revenue were proposed:

- *Cuts in taxation.*
- *Increases in social services.*
- *Investment in modernising British industry.*
- *Development of alternative energy sources.*

Just as the tax-cuts are a sop to the Right, so increases in social services are a sop to the Left.

The modernisation of industry is a praiseworthy objective, but we must not rely on oil revenues to do it.

Our competitors abroad are modernising their industries by the application of sensible economic policies and not by reliance on 'magical' oil bonanzas.

The National Front believes that North Sea oil must be employed as a vital national strategic resource, to give Britain a period of near self-sufficiency in energy which could strengthen greatly our economic and political independence.

This can be done if we:

1) **Keep the oil entirely for British use;**
2) **Bring the oil fields entirely into British ownership.**

A National Front government would plan providently for the day when the oil runs out by a massive programme of research and development of other forms of energy.

Oil revenue, instead of being dispersed in all sorts of directions, would be concentrated on this single objective.

This is the responsible National Front plan to use North Sea oil to secure for Britain an **independent future.**

Local press reports show nationwide YNF campaign

AS AN alternative to refuting the facts contained in the Young National Front anti-Marxist teacher leaflet, Marxist teachers simply assert that the YNF campaign to expose them has been "small scale – confined to London."

Reports in local newspapers from all parts of the country on the YNF campaign indicate that the Marxists either do not know what is going on or that they are 'whistling in the dark'.

Sunday Mail (Scotland) 26th February: *"The National Front have infiltrated Scots classrooms. About 50 pupils in Edinburgh and Glasgow have joined and are distributing leaflets among their classmates. Staff at Edinburgh's Portobello High School have uncovered six NF members . . ."*

Derbyshire Times, 17th February: *"The National Front swooped on Matlock this week to drum up recruits for its youth movement. One teacher said leaflets were dished out at Charles White and John Turner schools . . ."*

Evening Argus (Brighton), 22nd February: *"The National Front has extended its campaign to Brighton schools . . ."*

Surrey Comet, 11th February: *"Organiser of Walton and Weybridge Young National Front, Mr. Roger Denny (18) said all schools in the Elmbridge area would be covered this week . . ."*

Essex County Standard (Colchester), 23rd February: *"As the leaflet war between supporters and opponents of the National Front hots up, Brightlingsea Colne High School head Mr. Sidney Rhodes warned campaigners . . ."*

Leyland Guardian (Lancs.), 16th February: *"Leaflets on 'How to spot a Red teacher' were distributed to two local schools as part of the Young NF campaign started in this area last week . . ."*

Yarmouth Mercury (Norfolk), 3rd February: *"Leaflets which invite 14 to 16 year olds to join the youth wing of the National Front have been distributed and some sixth-formers at Gorleston Grammar School have become members . . ."*

Dozens of similar local press reports have been received from all parts of the country.

The YNF is now over 1,000 members strong – 400 of whom attended a rally in Birmingham on 18th February.

National Union of Teachers leftists failed in April in their bid to obtain the prosecution under the Race Relations Act of the YNF monthly paper *Bulldog.*

NF News Nightmare File

MENTAL ILLNESS can be the fate of Black people who come to Britain, says Dr. Bill Lawson of the Risley Remand Centre. Presenting a medical report to **Dudley** Crown Court in February about Jamaican Dorita McLean, who had convictions for criminal damage and wounding, Dr. Lawson said: "McLean became ill as a result of being unable to deal with an alien culture. We have seen this with other citizens from Commonwealth countries. It is a schizophrenic illness where there is profound disturbance in people reluctant to face reality. If this woman went back to the Caribbean she might recover."

RACIAL ABUSE was bawled at Police Constable Paul Williamson after he had stopped West Indian Osborn Heaven following a motoring offence, **Wolverhampton** Magistrates were told recently. "What do you want, White Pig?" Osborn yelled before chasing P.C. Williamson with a hammer, threatening to murder him. Then Osborn's mood suddenly changed and he started "laughing like a maniac."

SEX ATTACKER Mahommed Janil of **Smallheath** was jailed for 4 years by Birmingham Crown Court after he had been found guilty of raping an 18 year old girl. He then caused his victim unnecessary suffering in court recently by pretending not to understand English, which obliged the girl to give detailed evidence herself. The court heard that Janil had offered the girl a lift home from a multi-racial nightclub. Instead he drove her to his own house where he and at least one other man raped her. Mr. Justice Cusack said: "This was a wicked offence."

RITUAL BEHEADING was the way in which Asian immigrant mother of four Kuldip Kaur met her doom in **Handsworth** Birmingham on 13th March. A man is helping Police with their enquiries.

POLITICAL INVOLVEMENT was the way in which the Asian community in Britain could exercise more power. This was the advice of Cllr. Bob Badham, Chairman of the Sandwell Council for Community Relations gave to a conference organised by Sikh organisations at **West Bromwich** in February. The conference carried resolutions calling for bans on all National Front public meetings and all TV programmes that do not show Immigrants in an attractive light.

BLACK SLUM LANDLORD Joe Whitter's son Basil was among the vicious "Socialist" rabble who used violence to try and stop the National Front's anti-mugging march through **Lewisham** during August of last year. He was arrested, **Lambeth** Magistrates were told in December, after he had thrown a missile into the ranks of the NF marchers while shouting "Fascist pigs!" and "Smash the National Front!" His father, known as "Slidie Joe", was well able to pay the £20 fine as he became a millionaire by buying up slum property in South London which local Councils were compelled to buy from him to relieve the misery of his wretched tenants.

"BLACK POLICE can bring respect for the law to Immigrant areas" is a multi-racialist theory that bit the dust in Small Heath, **Birmingham,** on 25th January. A West Indian Policewoman was on a school crossing patrol when two West Indian men insulted her. She threatened to arrest them, whereupon they beat her up.

RAPE IN A LIFT was one White woman's experience of **Wolverhampton's** multi-racial society. Un-named in Press reports, but described as in her mid-twenties, it was reported that on 13th February she was confronted by a gang of Black youths outside the Blakenhall flats. One of them dragged her into a lift, terrorised her for ten minutes while he kept the lift going up and down, and then dragged her out on the 10th floor where he sexually assaulted her, then hit her in the face.

MUGGERS ROAM PADDINGTON in large gangs day and night looking for victims, according to more than 1,000 residents of this area of **West London** who signed a protest petition during March. "The muggers," the petitioners say, "rob quite brazenly even in daylight, and use violence. Many victims are often too frightened to report what has happened to them to the Police. We deplore the fact that the elderly are literally imprisoned in their homes for fear of walking in Paddington's unsafe streets."

BLACK MURDERER'S SON Michael Thompson was himself jailed for life for murder at the Old Bailey in March. He, along with five other Black youths, waylaid White barman Charles Collins in a **Shepherds Bush,** West London, alley. Thompson stabbed Collins nine times in the back in revenge for 'bouncers' employed at the pub where Collins worked throwing Thompson and his pals out after a brawl. Press reports claimed that detectives who investigated the case praised the (Zionist) Judge James Miskin for "keeping the case free of racial overtones."

ASIANS IMPORT BIZARRE SEX - MARRIAGE - MURDER RITES

WITH the Tories' plan to speed up Asian Immigration, it is well to take note of the alarming and bizarre sexual, marital and homicidal 'traditions' which these people are bringing with them.

For example, groups of extremist Sikhs are establishing themselves in our country, and are prepared to **murder** in order to maintain discipline among adherents of their cult.

Below left is the photograph of Jaginder Singh Gill, who has a BSc. Last year he strangled his 17 year old daughter, Charranjit, because she wanted to marry another Immigrant who was not a Sikh.

After the killing, the murderer's wife, Amrit, and son, Baljit, helped him to dispose of the corpse by dumping it in the River Severn.

Birmingham Community Relations workers have been investigating a child bride racket which they admit is a "widespread evil" among Muslims.

The racket came to light when Police were tipped off about a 12 year old schoolgirl who was due to marry a 26 year old man. The mother claimed the girl was 17.

While undergoing medical tests, the girl admitted: "Many of the Asian girls in my class are married."

Attempts by Police and child welfare agencies to protect these barely pubescent children have been met by surly resentment from Muslim leaders in Britain.

More than 25,000 Muslims living in the Birmingham and West Midlands area have launched a campaign to enable them to be governed by the laws of the Koran instead of the Laws of England.

The Union of Muslim Organisations is now demanding from the Home Secretary the right to practise Muslim marriage and divorce laws.

This presumably includes the right to child brides, multiple wives and the right to divorce a wife by saying three times: "I divorce thee."

They are also demanding that Muslim factory workers have daily time off for "prayer" on full pay; and that only meat from animals slaughtered by the cruel *Halal* method be served to Muslim children in school.

So miserable is the existence of young Asian brides that they often resort to suicide. 19 year old Mrs. Minara Begum of Walsall ritually burned herself to death with paraffin as a protest against her husband's conduct.

So many young Asian girls are running away from home to escape arranged marriages that Wolverhampton Community Relations Council is having to provide a special hostel for them.

Supervising the hostel is Mrs. Gurmit Kaur, who reports: "Parents are desperately anxious to keep the disgrace of a 'rebellious daughter' secret – especially if the girl has chosen a White partner or one from a lower caste."

Mrs. Kaur reports that some Asian girls are forced to sign agreements to arranged marriages with men who are often living in India and who they will not meet until their wedding day.

Jaginder Singh Gill (left) strangled his 17 year old daughter. His wife Amrit and son Baljit then dumped the corpse in the River Severn.

Tuberculosis and Typhoid: Shock Reports

FOUL diseases – previously thought eliminated or a rarity in Britain – are now very much a feature of the British 'health' scene, thanks to mass Coloured Immigration.

The second report issued by the Harrow, N. London, Health District, covering 1976, states that 142 new cases of respiratory TB and 26 non-respiratory cases were diagnosed. A total of 1,414 TB contacts were screened.

With great courage the report compilers had no hesitation in stating: **"One of the reasons for the steady increase in TB since 1968 is the influx of Afro-Asians into the Borough."**

As a result, a Harrow TB Control Programme was set up in March, 1976, and since then Harrow Chest Clinic has attempted to examine the Borough's **entire** Immigrant population. Many new cases have been discovered.

Suitable patients were being vaccinated to prevent the onset of the disease. However, while hoping to reduce the "high" incidence of TB in Harrow, the report says:

"The increase of tuberculosis is likely to continue with continued Immigration."

"Wolverhampton can always expect cases of typhoid," says Cllr. Stephen Morton, in a report in January to the town's Environmental Health Committee.

"This is because so many citizens of the town travel abroad to visit their homelands."

"IMMIGRANT DOCTORS—WHAT *WOULD* WE DO WITHOUT THEM?"

"WHERE would our Health Service be without Immigrant doctors?" is a question often asked by multi-racialists.

The only way Mr. Victor Bolton of Colchester could answer is by the only means he has available for communicating – tapping out morse code – because he was left blind, paralysed and speechless as a result of a 'mistake' by Immigrant anaesthetist Bilquis Taqui.

Because morse code is now the only way Mr. Bolton can communicate with his wife Florence, and because he was once a "dynamic, cheerful extrovert" the High Court awarded him damages of more than £112,000 against the Essex Area Health Authority.

Little Stephen Burrows of Cardiff is not unable to answer the question – even by morse code – as he is dead.

He was killed when Dr. Naline Rai, an Indian, injected him with 20 times the correct dose of an anti-cancer drug.

A Coroner attributed the death to: "Criminal negligence," and Dr. Rai was charged with manslaughter.

103 year old Mrs. Ellen Hughes is also unable to answer the question, for like little Stephen, she died from the ministrations of an Immigrant doctor.

After a bad fall, Granny Hughes was taken to hospital in Rhyl, N. Wales. An X-ray showed she had no broken bones so she was discharged at 3.00 a.m. in the morning by a Nigerian 'doctor' (un-named in an Ombudsman report).

The 'doctor' failed to treat her for shock, which was the immediate cause of her death.

NF News is unable to put the multi-racialists' question to one 13 year old Stockport schoolgirl, as her name and address was not mentioned in Press reports describing the prosecution of Dr. Nanda Kumar, who sexually assaulted her during a visit to hospital for a check on a wrist injury.

Until they were prosecuted at Middlesex Crown Court, there is no doubt that Dr. Hashadrai Batt and pharmacists Chunilah, Suresh, and Manu Patel considered the NHS to be a source of easy money.

They were jailed for their part in a £4,000 prescription fiddle.

NF News would like to receive its readers' experiences of multi-racialism at work in the Health Service.

"I drink my pee" -Indian President

THE Indian Government's prohibition of alcohol has not left Indians with only tea to drink. Prime Minister Moraji Desai has come up with an exciting alternative. *Pee.*

He told *The Spectator* last October: "I have drunk a glass of my own urine every morning. It is very, very good for you – and it is free. Urine is the water of life."

Desai also recommends a urine rub. "It is very effective for aches," he says.

It is not known how widespread the quaffing of human urine is in India, but the urine of sacred cows is a popular thirst-quencher among devout Hindus.

'THE BEAST'

AFTER serving only six years of a 12 year jail sentence for horrific sex acts on White women, Barbados-born David Lashley – known as "The Beast of Shepherd's Bush" – was released on parole.

Within months he had found a new victim.

"Miss A" told the Old Bailey in December that she thought her last hour had come when she was parking her car outside her Kensington, West London, flat.

Lashley jumped out at her with a knife and forced her to drive him to a back street where he held her captive for two hours.

During that time he raped her twice and forced her to participate in oral sex. Later he half strangled her and slashed her wrist.

Before running away, Lashley told his victim: **"I hate White people."**

INTER-RACIAL SEX —A MOTHER WARNS

MULTI-racialism nearly killed 18 year old Linda Jackson of Southampton.

Her stepmother, Mrs. Patricia Jackson, has persuaded Linda to speak out about her dreadful experience in the hope that the story will serve as a warning to others.

In April 1976 Linda went to Southampton's Top Rank Club – a multi-racial nightspot – where she met an Asian man who worked at a restaurant in Portsmouth.

"He said that he wanted to marry me, and that he would like me to meet his family in Bangladesh," said Linda.

"I just wanted to get out of England and start a new life," she explained.

"We took off from Heathrow and then he broke the news to me that he was already married. There was nothing I could do.

"In Bangladesh he put me to live with his family in a sort of mud house at a place called Sylhet."

During her 14 months in Bangladesh she was beaten, half-starved and soon contracted diseases.

Eventually the man brought her back to Britain, abandoning her at the airport and leaving her to find her own way back to Southampton.

Her stepmother said: "When I saw Linda again she looked near to death. She was frightened, thin and suffering from lice and scabies."

Police investigating the case said: "She had a lucky escape."

FRONTLINE ACTION

LEICESTER: Shrieks of rage went up from local Community Relations Quislings following the appearance of posters showing a loafing Negro pimp and the slogans: "He may be your equal, but he sure isn't ours!" and " 'Stand up for your Race and Nation. Be proud to be British' – National Front". The imprint on the posters was that of the "British Defence Association." **Mr. Peter Ash,** Secretary of Leicester NF Branch commented: "We have never heard of these people. They were very naughty to use our name without asking our permission."

CORNWALL: S.W. England NF Regional Agent **Mr. Nigel Hedger** announced at a recent Press Conference: "Our Branches in this region have their eyes on five constituencies come the General Election: Plymouth Devonport, Plymouth Drake, Torbay, Bodmin, and North Cornwall. Candidate selection will commence shortly." This announcement put the wind up Falmouth-Camborne Labour Chairman Dr. David Elford. "We are contacting the Conservatives, Liberals and Mebyon Kernon. We must stop the National Front in West Cornwall," he bleated.

DOVER, Kent: Mr. David Smith, Kent NF Regional Chairman, is being sued by one Xenophon Kallis (of indeterminate race) under the Race Relations Act. The prosecution arises out of an incident at the entrance to a National Front meeting at **Ashford** last year. Mr. Smith refused admission to Kallis who had arrived as part of a mob of Red demonstrators. Kallis' action is being paid for by the Race Board and managed by the Board's resident Zionist lawyers, Bindman & Co.

PONTYPRIDD, Glamorgan: Thirty-two NF members at Pontypridd voted in January that they would nominate a candidate to stand for the constituency at the next General Election. In making this announcement local NF official **Mr. Colin Gibbon** said: "We think the sitting MP, Brynmor John, is a neo-Communist." Pontypridd is just one of several new Welsh Valley groups which have been set up recently by Cardiff-based South Wales Regional Officials **Mr. Rod Farr** and **Miss Clare McAllister** (now Mr. & Mrs. Farr!).

NORTH YORKS: Attempts by York Labour Party to hound a working man out of his job on account of his political beliefs failed in March when Directors of the famous Yorkshire 'real ale' brewery, John Smith's, refused to sack NF York Group Organiser **Mr. Keith Chapman** as barman at its Cock and Bottle pub in Skeldergate. A brewery spokesman said: "As far as we are concerned Mr. Chapman is a good barman." The Labour bullies proclaimed a boycott of the pub, since when its business has boomed. Another victory over Labour tyranny was won when North Yorkshire County Council Education Committee rejected a plea from **Harrogate** Trades Council to ban the NF from hiring Council halls, saying: "The main difficulty is not that the NF holds meetings, but that another body tries to stop their meetings."

MIDDLESBROUGH, Cleveland: Signs that the NF is at long last starting to pick up in the N.E. of England was on 9th March when the NF candidate in a Borough Council by-election for Ayrsome Ward – **Mr. Malcolm Evans** – won 4.8 per cent, beating the Liberal's 4.1 per cent. Communist and "Socialist Unity" (IMG) trailed with 1.7 and 1.4 per cent. "We have never contested this ward before; the Reds issued five varieties of anti-NF smear leaflets, and the local press ignored our campaign, so we are encouraged by this result," says Cleveland NF Group Organiser, **Mr. Brian Arton.**

ASHFORD, Kent: Liberal Party candidate for Ashford Mrs. Allison Wainman (Weinmann?) failed in March to persuade East Charing Deanery Synod to sack the NF Parliamentary candidate for Ashford, **Mr. Kenneth McKilliam,** as Synod Secretary. "We must not join a witch-hunt," advised Rev. Peter Adams. Sulky, vindictive Mrs. Wainman retorted that she would complain to the Archbishop of Canterbury. "I couldn't give two hoots," said Mr. McKilliam.

PAIGNTON, Devon: News of the move of **Mr. Keith Jowsey**, formerly NF West Midlands Regional Agent, from Smethwick to Paignton, made headlines in the *Torbay News* in January. His move coincided with the formation of a Torbay NF Group on 3rd January. Mr. Jowsey attended the inaugural meeting and promised: "As soon as I get to know the area I'll be active."

HAMMERSMITH, W. London: YNF Activist **Richard Sullivan** who nearly died after being stabbed by one of a group of men who infiltrated a Hammersmith Branch inauguration social on 1st March posing as "NF sympathisers" has now recovered fully and is active again on behalf of the YNF – **with** the consent of his parents. "I was very pleased that **John Tyndall** took time off from leading the party to come and visit me in hospital," said Richard on a recent visit to NF Head Office, "and those Press stories that I was going to quit the NF were rubbish."

LOUTH, Lincs: NF Groups are mushrooming up in Lincolnshire. The Group at **Grimsby** led to the formation of a Group at **Cleethorpes**, which in turn has led to the formation of a Group at **Louth.** Group Organiser **Mr. Dennis Stoakes'** announcement that the Group would nominate a candidate at the next General Election won big local press coverage.

RIP ROARING RALLY AT ILFORD!

NF electoral support up at Ilford

JOHN HUGHES, NF candidate in the March 2nd by-election for Ilford North did well to pull 2,126 votes (4.74 per cent) out of this less-than-ideal constituency for the NF.

He improved the NF vote and percentage compared to last May's GLC elections and came only 122 votes behind the Liberal.

He thrashed the viciously anti-NF former local Tory MP Tom Iremonger, who stood this time on an Independent Crank ticket.

High spot of Mr. Hughes' campaign was a dramatic rally held on Saturday 25th February attended by more than 1,000 people – some of whom are pictured top right. Mr. Hughes is pictured top left.

Sharing the platform with the candidate were NF Deputy-Chairman Andrew Fountaine (see the front page) and National Activities Organiser Martin Webster, pictured left.

Earlier in the day hundreds of NF members held a mass canvass in place of a march which Police had banned due to Zionist pressure.

LEEDS CROWD LOVE *NF NEWS*

STUART RIGBY (pictured above), a member of Leeds NF Branch's Committee, is always rushed off his feet when he takes NF Activists to Leeds United's Elland Road ground on an *NF News* sales drive. "Fans hate the way clubs are pushing Black players," reports Stuart. As we see below, United supporters and visitors are agreed on one thing: "*NF News* is great!"

MAVIS BULL: 1 – RED BULLIES: 0

150 Marxist Bullies were made laughing-stocks in Leicester on 11th March when they arrived for a "mass picket" of *NF News* sellers. The Reds found themselves having to picket lone housewife Mrs. MAVIS BULL. Her courage won masses of sympathetic local radio and press publicity!

Racialist Anti-Social in Brent

An Indian Cultural Association social in March held at Brent Town Hall, N.W. London, started an hour late as a result of a lively picket by Brent NF Branch members. Prominent local Asians and Zionists were quite put off their grub by raucous racialist chanting.

T.U. BULLIES—NF FIGHTS BACK

DAVID MATSON, a committee member of Bradford NF Branch, urgently needs *NF News* readers' support against the Red faction which controls Bradford Trades Council.

Mr. Matson, a member of the National Union of Sheet Metalworkers, was elected last year as a delegate to the Trades Council. As his NF membership is well known he was not sent invitations to or minutes of Council meetings. Last January he was physically denied entry to a meeting.

Solicitors acting for Mr. Matson think that he may have a case for taking the Reds to the High Court – but it is felt that a top Counsel's 'opinion' (costing £150) should be obtained before any Writs are issued.

If the Counsel's opinion indicates that Court action is in order then the result could be far-reaching. Please help by sending a cheque or P.O. to *NF News* (crossed "Matson Fund") as quickly as possible.
